

Safari Mobile Pass Rules

1. The cost for the Mobile Pass is \$5 for every six months or fraction thereof. The first payment must be made in cash or check, the remaining payments will be on the semi-annual billing for dues.
2. There are no refunds for the mobile pass.
3. Only members who are on the registration certificate may have mobile passes.
4. If a member gives out his mobile pass credentials to anyone else, they will forfeit all mobile passes on the membership and may not reapply for another year.
5. The intent of the mobile pass is to allow members to open the gate for guests and vendors without having to go up to the front to let them in. Opening it for any other purpose, including letting in customers of a home business, is strictly prohibited and will cause forfeiture of all the mobile passes on that membership.
6. Mobile passes may not be transferred when the membership is sold or at any other time.
7. You can apply for a mobile pass by giving the office your name and email address along with \$5 per pass requested. You will also sign and date a copy of these rules. The office will verify the information and the system will send you an email with the credential information. The office doesn't issue you anything for the pass, it is all in the system. It may take up to a week to process your request, so please be patient.

Please cut on the line below, keep the upper portion, and send \$5 and the bottom portion to the office

I certify that I have read and agree to the Safari Mobile Pass rules:

Printed Name

Date

Signature

Site number(s)

Email Address

Send this form to the office along with \$5. Be sure to write very clearly. The information above must match what is officially on record for this membership or the form will be returned.
